It's easy to search Wikibooks by topic, and there are separate sections for recipes and childrens' textbooks. You can download any page as a PDF using a link provided in the left-hand menu, but unfortunately there's no support for other formats. There's also Collection Creator – a handy tool that lets you collate several pages, organize them, and export them together (again, in PDF format). It's a nice feature that enables you to customize your reading material, but it's a bit of a hassle, and is really designed for readers who want printouts. The easiest way to read Wikibooks is simply to open them in your web browser.

Contemplative Psychotherapy Essentials Enriching Your

Filled with client vignettes and practical guidance in an eminently wise, openhearted tone, Contemplative Psychotherapy Essentials makes the increasingly popular pairing of Buddhist psychology with traditional therapy accessible for any clinician, putting readers and their clients in better touch with the present moment—their bodies, emotions, and minds—for more enduring change.

Contemplative Psychotherapy Essentials: Enriching Your ...

As Wegela explains, five basic competencies underlie all that a contemplative therapist does: (1) being present and letting be, (2) seeing clearly and not judging, (3) recognizing and appreciating differences, (4) connecting with others and cultivating relationship, and, finally, (5) acting skillfully and letting go.

Contemplative Psychotherapy Essentials: Enriching Your Practice with Buddhist Psychology (Published by W.W.Norton in Fall 2014) (To find out more about the two books below, click on their links above)

Karen Kissel Wegela, Ph.D. - Writings

The contemplative approach is an optimistic one, because it points to our capacity for clarity, compassion, mindfulness, and awareness. The premise of Contemplative Psychotherapy is that we already have what we need to connect with our inherent wisdom and compassion.

You're Basically Good — The Benefits of Contemplative ...

As a Contemplative Psychotherapist, I integrate the disciplines of traditional psychotherapy with contemplative practices such as reflection, breath meditations, and guided imagery in an approach which values the mind-body relationship, by restoring balance in the body, quieting the mind, and connecting to the wisdom of our soul or spirit-- the aspect of our being that seeks goodness, truth, and beauty.
